Great to hear the different services offered Childcare worker

I volunteer at a local charity and the amount of programs available to our clients is wonderful; I have collected all the brochures.

Student, Diploma of Community Services

Possibility of including kinder-aged children in school holiday programs

Government agency

Do again next year – very positive. Maybe a workshop session to discuss and consider what's presented.

Learning more about programs offered at FamilyCare and meeting people from various agencies.

Government agency and board member

Bigger venue if possible. Otherwise good.
